### Giraffe's Can't Dance by Giles Andreae

The most important event in this story was when the cricket told the giraffe that sometimes when you're defferent , you just need a different song. This made the giraffe feel so good. Story makes me think about my friend bryant

### Giraffes Can't Dance by Giles Andreae

The most important event in this story is when the cricket coughed "But sometimes when you are different you just need a different song." He saw animals teasing him because he could not dance to the same song but he could dance a different song.

So it's okay to be different.

The book made me think of when everybody teased my dad because my dad had on his roller blades and he didn't even know how to roller blade.

### **Giraffes Can't Dance by Giles Andreae**

The most important event in the book was when the cricket said sometimes when you're different you just need a different song. Has someone ever laughed at you?
